Location:

ILLC is located in the new building of the Faculty of Science, in the Science Park area. Below you can see a map and a street view panorama of the building.

[Look up](#) Science Park 904, 1098 XH on Google Maps

To reach the place by public transportation, you may either take the bus no. 40, which goes from the Amsterdam Amstel Station to the Amsterdam Muiderpoort Station and back, through Science Park, or take the new direct train from the Amsterdam Central Station to the Amsterdam Science Park Station.

Otherwise, from the Central Station, you can take the tram no. 9, and get off at the stop named Kruislaan. From there, round the corner, you will see the stop of the bus no. 40, direction Muiderpoort, stop Science Park Aqua, but any other stop in Science Park will more or less do.

More information on transportation is provided below.

All **talks** will take place in **room C1.112**, on the first floor of the building. **Coffee breaks** will take place in the ILLC Common Room (**C3.113**), on the third floor of the Science Park 904 building.

To access the third floor, you will need a **visitor card** provided by the security staff at the entrance (you will need to register for that).

Note 1: If you are **not** a presenter or a commentator and you plan to attend PALMYR IX, please send an email **before** 18 June 2010 to Lucian Zagan <lucian.zagan@uva.nl> or to Inés Crespo <inescrespo@uva.nl> (indicating your name, affiliation, and email) and we will arrange for you to get a visitor card.

There will be an organised workshop dinner on Tuesday evening, starting at 19:00. We propose that each one individually contributes for his/her own expenses. We will make sure to choose a reasonably priced restaurant (expect to pay something like € 20-30).

Note 2: If you would like to join the dinner, please send an email to Lucian Zagan <lucian.zagan@uva.nl> or to Inés Crespo <inescrespo@uva.nl> **before** 11 June 2010.

Accommodation:

We recommend that you look for accommodation either in the city centre or in the eastern part of the city, around the Science Park. This will considerably reduce your commuting time from your accommodation to the ILLC.
